SAINT MARY'S UNIVERSITY STUDENTS' ASSOCIATION

Student Involvement Opportunity

Academic Committee Representatives

The Saint Mary's University Students' Association, a not-for-profit organization that provides services, representation and advocacy to approximately 7000 full and part time students, is currently seeking student representatives for its new Academic Committee. We require 2 students from each Faculty (Science, Arts, Sobey School of Business and FGSR) who are engaged in their Faculties and are interested in taking a leadership role in bringing up issues students are facing in their respective faculties. It is not ideal to expect the SMUSA Vice President Academic to understand the needs of students in each faculty other than the one they themselves are in without consultation with those students. The primary role of the representatives will be to advise the SMUSA VP Academic of issues, relative information and updates within faculties; and to brainstorm new ideas and solutions to improve efficiency and consistency between faculties. The discussions in the committee will allow the VP Academic to bring well rounded responses to different committees that represent students in all faculties.

Qualifications and Experience:

- Candidates must be a registered Saint Mary's student for the 2018-2019 academic year and be a member of the Saint Mary's University Students' Association
- Candidates should have a good understanding of the issues and student needs in their faculty and be willing to engage in conversation with other students in the faculty to bring up issues in committee meetings
- Leadership experience on campus is an asset
- Experience serving in any sort of committee is an asset
- Experience of involvement in high school student council, etc. is an asset

---

The Term: **October, 2018 – April, 2019**
Up to 2 meetings per month

Please note: This is a voluntary position aimed to better serve the student body

Deadline for Application: **September 26, 2018 no later than 4:00pm**
